- Professional recognition and growth

Education Opportunities

Our Chapter offers a multitude of educational opportunities for our Members each year. Educational planning is focused on a variety of legal management issues and hot topics, and is structured to cover the essential competencies needed by all legal administrators and professionals. Our educational offerings come in varying formats from formal speakers to guided panel discussions to informal round table discussions and offer a great opportunity for top quality education. Members also have access to webinars through ALA on various relevant topics.

Networking Opportunities

We offer numerous opportunities to network with other Chapter and ALA Members. To accommodate our Members' varying schedules, we offer several events during the day, as well as several socials that occur in the evening. All of our events provide opportunities to mix and mingle with your peers and make worthwhile connections. Our Business Partners are often invited to our events and provide additional value.

Online Resources and Publications

With the click of a mouse, Members can obtain any and all information they need about our Chapter or the ALA on our website, www.phila-ala.org. Among its many resources, users can check the calendar of events (ALA and Chapter) and register for educational meetings and social events. For networking purposes, Members can obtain contact information in the Member Directory as well as a listing of our valued Business Partners.

Instant Access to Your Peers

Philadelphia ALA Members have instant access to other Members through our Chapter listserv. Our listserv is a favorite resource among Members as it provides an immediate opportunity to post a question or ask advice from fellow administrators. Many administrators also use the listserv to post job openings (free of charge) within their firm.

Our Ambassador Program

All new Members are assigned to an Ambassador who will acquaint you with our Chapter and all of our offerings. Ambassadors are long-standing Members who will be your first point of contact for questions, issues or just a friendly face with whom to attend, or meet at, Chapter events. They will introduce you to others in the Chapter who share similar job responsibilities and help make your overall ALA experience a rewarding one.
